Yes	Applicable to the United States of America (SEE BACK/SIDE LABEL)										
Low kickback saw chain. This saw chain meets the kickback performance requirements of ANSI B175.1-2000 when tested on a representative sample of chain saws. In your chain saw operator's manual, you will find information regarding recommended cutting equipments.											
No	Applicable to the United States of America (SEE BACK/SIDE LABEL)										
This saw chain may be capable of severe kickback that could result in serious injury to the user. Do not use this saw chain unless you have eperience and specialized training for dealing with kickback. Saw chain with reduced kickback potential is available. In your saw operator's manual, you will find information regarding recommended cutting equipments.											
Yes	Applicable to Canada (SEE BACK/SIDE LABEL)										
No	Applicable to Canada (SEE BACK/SIDE LABEL)										
This saw chain meets kickback performance requirements of CSA Standard Z62.3 when used on specific chainsaw models. Further details, see your chainsaw operators manual. It may not meet the requirements of CSA Standard Z62.3 when used on other saws.

Transportation Gear (continued)

Utility Tool Bag		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
	This versatile bag is great for all kinds of tools – for arborists, forestry workers and home owners – able to efficiently hold and organize many tools. Heavy duty coated 600D, water resistant material. Large tooth zipper for easy access. Exterior and interior webbing reinforcement. Padded, adjustable shoulder strap and comfort handles. Exterior and interior pockets. Webbing handles extend depth of bag for added structure and carrying support. Interior zippered pocket for small item storage. High visibility silk screened branding	598594201	-	\$47.99	\$31.19	\$16.80	35%
Trolley (Gear) Bag - 90L (24 gal.)		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
	Our trolley bag, holding 90L / 24 gal., is perfect for transporting all your necessities. The u-shaped zipper on top makes packing easier, while the molded bottom and sides make the bag stand upright without support. For extra convenience, organizing bags are included, as well as an ID pocket for easy recognition.	593258102	-	\$174.99	\$104.99	\$70.00	40%
Duffel bag - 70L (18 gal.)		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
	With a capacity of 70L / 18 gal, our duffel bag is made of tough materials and smart features for all purposes. The outer material – tarpauline – keeps your contents dry and is easy to clean. The inside pocket in mesh makes organizing easier, and for extra convenience shoulder straps and two organizing bags are included. If you need both hands free, you can carry the bag on your back thanks to the removable shoulder straps.	593258302	-	\$139.99	\$83.99	\$56.00	40%
Husqvarna Backpack - 30L (8 gal.)		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
	The durable TPU/ripstop material keeps the inside dry and also makes the backpack easy to clean. The backpack has great storage possibilities for every adventure - big or small. Capacity of 30L / 8 gal.	593258202	-	\$89.99	\$53.99	\$36.00	40%

Husqvarna Arborist Essentials

Husqvarna's arborist gear provides tree care professionals with an assortment of high quality products, essential to completing the job safely and efficiently. Husqvarna's new range of line setting, climbing and positioning arborist gear is designed for professionals, by professionals.

Line Setting Gear		Part #	Size	MSRP	Your Cost	Profit \$	Profit %
	Throw Weights • 100% 1,000 denier Cordura Fabric • Dual colored pattern • Solid steel ring for easy throwline attachment • Bottom transfer loop • Box stitching closure	 596935804	8 oz	\$22.99	\$14.94	\$8.05	35%

Felling Wedges

Felling / Bucking Wedges		Part #	Size	MSRP	Your Cost	Profit \$	Profit %
Felling wedges help guide the tree by actually lifting the tree from the notch cut in the falling direction. Used to prevent the tree from pinching the saw (or leaning back on the saw) while making a back cut. Also can be used for bucking trees already on the ground. General guideline: 5.5" wedge for 10-15" diameter tree, 8" for 15-24" diameter tree, 10" wedge for >24" diameter.							
	4" Arborist Wedge A small-size professional wedge designed for smaller felling cuts or to keep kerf open. Made from high-quality, durable plastic. The wedge fits in pockets or can be hung from a strap. Hole in wedge also fits onto a carabiner. No Master Pack Quantities Required	598035702	4"	\$9.99	\$6.49	\$3.50	35%

Chainsaw Protective Chaps

IMPORTANT CHAIN SAW PROTECTIVE PANTS AND CHAPS SAFETY INFORMATION

Chain saw protective pants and chaps contain material designed to reduce the risk or severity of an injury, and give the operator extra reaction time when contact is made by a moving chain. The cut retardant material is designed to "pull" apart and clog up the sprocket system of the chain saw and slow or stop the chain from rotating depending on the speed of the chain, length and angle of contact and the power of the saw. Protective pants and chaps should never be considered safer than proper and correct chain saw handling safety procedures.

All Pants and Chaps meet • Meets ASTM F1897, ANSI Z133.1; UL® certified. • Meets OSHA regulation 1910-266

Technical Forest Helmet with Mips®		Part #	Color	MSRP	Your Cost	Profit \$	Profit %
------------------------------------	--	--------	-------	------	-----------	-----------	----------

Technical Forest Helmets - Mips®

All of the same great features and benefits of the standard technical forest helmet, with the addition of the MIPS (Multi-Directional Impact Protection System) safety lining. Originally developed by a brain surgeon and a biomechanics scientist, The Mips® safety system features a low-friction layer inside the helmet that allows a multi-directional movement of 10-15mm on certain angled impacts, intended to help reduce rotational force to the head. Two color options available

1. Traditional helmets are designed and tested for straight impacts, but most impacts are angled, which can cause rotational motion to the head.

2. The rotational motion can cause brain injuries.

3. The Low Friction Layer is intended to help reduce the rotational motion to the head in certain angled impacts.

	The Husqvarna Homeowner Power Kit is designed for the US casual chainsaw user. It's an easy and cost-effective way to ensure a new chainsaw owner is starting off on the right foot and ensuring they are properly covered with the appropriate Personal Protective Equipment. Consists of 1 of each of the following: Classic Chap (Homeowner), Classic Work Gloves, Functional Forest Helmet.	590091101	Classic	\$199.99	\$139.99	\$60.00	30%
Other Kits							
	First aid kit contains 1 multi-purpose wound and trauma bandage pack, 1 facial mirror, 2 adhesive bandages, 2 anti-septic wipes, and 1 heavy duty orange pouch that fits on chainsaw chap waistbands.	605000152	-	\$24.99	\$17.49	\$7.50	30%

Bags							
Tool Bag	Part #	Model Name	MSRP	Your Cost	Profit \$	Profit %	
 This versatile bag is great for all kinds of tools – for arborists, forestry workers and home owners – able to efficiently hold and organize many tools. Heavy duty coated 600D, water resistant material. Large tooth zipper for easy access. Exterior and interior webbing reinforcement. Padded, adjustable shoulder strap and comfort handles. Exterior and interior pockets. Webbing handles extend depth of bag for added structure and carrying support. Interior zippered pocket for small item storage. High visibility silk screened branding.	598594201	-	\$47.99	\$31.19	\$16.80	35%	
Trolley (Gear) Bag - 90L (24 gal.)	Part #	Model Name	MSRP	Your Cost	Profit \$	Profit %	
 Our trolley bag, holding 90L / 24 gal., is perfect for transporting all your necessities. The u-shaped zipper on top makes packing easier, while the molded bottom and sides make the bag stand upright without support. For extra convenience, organizing bags are included, as well as an ID pocket for easy recognition.	593258102	-	\$174.99	\$104.99	\$70.00	40%	
Duffel bag - 70L (18 gal.)	Part #	Model Name	MSRP	Your Cost	Profit \$	Profit %	
 With a capacity of 70L / 18 gal, our duffel bag is made of tough materials and smart features for all purposes. The outer material – tarpauline – keeps your contents dry and is easy to clean. The inside pocket in mesh makes organizing easier, and for extra convenience shoulder straps and two organizing bags are included. If you need both hands free, you can carry the bag on your back thanks to the removable shoulder straps.	593258302	-	\$139.99	\$83.99	\$56.00	40%	
Husqvarna Backpack - 30L (8 gal.)	Part #	Model Name	MSRP	Your Cost	Profit \$	Profit %	
 The durable TPU/ripstop material keeps the inside dry and also makes the backpack easy to clean. The backpack has great storage possibilities for every adventure - big or small. Capacity of 30L / 8 gal.	593258202	-	\$89.99	\$53.99	\$36.00	40%	

Boots							
Rubber Loggers Boots		Part #	Model Name	MSRP	Your Cost	Profit \$	Profit %
	Chain saw resistant, meets OSHA Regulation 1910.266. Natural rubber with cotton pile lining, 4 layer insole, ankle-guard and heel grip. Steel toe meets ANSI and CSA standards. ANSI Z41-1999 I/75 C/75. Waterproof. Oil resistant sole. Optional liners and caulks available. U.S. sizes are listed in a range due to conversion from European sizes. Order 1 U.S. full size larger if using a felt liner. The U.S. sizes stamped on the inside of the boot may not match the shoe size conversions in the information given to the right. The information to the right is as follows: Part Number, US size, European size, Liner size. Per OSHA Regulation 1910-26, The employer must ensure that each employee wears foot protection when operating a chain saw. The employer is not required to purchase the boots for the employee. The boot must be constructed with cut-resistant material, waterproof or water repellant, and cover and provide support to the ankle.	596298041	US Size: 8.5 / 41 Boot Liner Size: S	\$127.99	\$89.59	\$38.40	30%

Important Chain Saw Protective Pants and Chaps Safety Information	
	Chain saw protective pants and chaps contain material designed to reduce the risk or severity of an injury, and give the operator extra reaction time when contact is made by a moving chain. The cut retardant material is designed to "pull" apart and clog up the sprocket system of the chain saw and slow or stop the chain from rotating depending on the speed of the chain, length and angle of contact and the power of the saw. Protective pants and chaps should never be considered safer than proper and correct chain saw handling safety procedures.
	All Husqvarna protective chaps and pants are UL Classified in accordance with ASTM F1414-99 Standard Test Method for Measurement of Cut Resistance, and ASTM F1897 Standard Specification for Leg Protection for Chain Saw Users. The UL classification meets or exceeds OSHA Regulation 1910.266 for chain saw users and the ANSI Z133.1 Standards for Arboricultural Operations.
ASTM F1414	The current US Standard which explains the testing procedures used to test chain saw leg protection on a Pass/Fail basis is based on a 2750 FPM (feet per minute) minimum threshold stopping speed.
ASTM F1897	The current US Standard which explains the placement of the protective pad in the pant or chap. While requiring a 2750 FPM (feet per minute) minimum threshold stopping speed, it is also required that the protective pad shall cover at least 180 degrees across the front of each leg plus an additional 4 inches to the left side of both legs. The protective pad must also cover from the crotch to the top of the boot, overlapping it by at least 2 inches.

Maximize your trimming performance with Husqvarna's Titanium XPRO™ professional trimmer line. Suitable for all-around use on a wide range of applications, this round, dimpled, co-extruded line is made of a commercial-grade polymer for maximum durability, cutting performance, and energy efficiency. Available in .095-in and .105-in gauges, packaged in 100 ft, 200 ft, ½ lb, 1 lb, 3 lb, and 5 lb spools. Orange abrasion-resistant outer skin with dark grey core for use on the most demanding commercial trimming applications.

New Rapid Replace Trimmer Head

Align, feed and twist! That's all it takes to quickly reload line with the Husqvarna Rapid Replace trimmer head. This semi-automatic, bump feed head takes seconds to restring and can hold up to 22 ft of .095" trimmer line. That's 10% more trimmer line capacity than the leading competitor's easy-load head. When the trimmer head is empty, simply align the eyelets, feed the Rapid Replace head with .065" - .105" line, and twist. Say goodbye to reloading frustrations from disassembling, and get back to trimming in no time with Rapid Replace. This trimmer head will fit Husqvarna curved and straight shaft trimmers (excluding dual direction battery trimmers) as well as most leading competitor products.

T series Tap Advance Trimmer Heads

Exclusively designed by Husqvarna, these Tap Advance trimmer heads feature an easy to reload spool that comes off with the cap, eliminating the need to turn the trimmer upside down to reload the line. The spool has a split design which reduces tangling and line welding, and has arrows to show the correct directional winding of the line to eliminate guesswork and has two key slots to lock the trimmer line in and keep it from unwrapping while putting the cap back on the trimmer head.

- T25(B) holds .065", .080" or .095" line and comes pre-wound with .095" Titanium Force™ line
- T35(X) holds .065", .080", .095", or .105" line and comes pre-wound with .095" Titanium Force™ line
- T45X holds .095", .105" or .130" line and comes standard with .105" Titanium Force™ line

Power Distribution Manager

PDM		Part #	Outlet	MSRP	Your Cost	Profit \$	Profit %
Power Distribution Manager PDM is a turnkey solution that works with any 120V/20A dedicated circuit. Unit will automatically distribute amperage to different outlets when needed, while throttling amperage to ensure the breaker is never tripped. Allows operators with medium to large fleets of batteries to efficiently charge overnight without the need for costly electrical infrastructure upgrades • Automatically distributes power where and when it is needed, leading to maximum charging efficiency • Automatic amperage throttling • Smart outlet monitoring - checks outlet status every 10-15 seconds • Outlet memory restores outlet state in case of power outage • Scalable - ability to daisy chain multiple units together as battery/charger portfolio grows • Brand agnostic - works with any charger or device that requires power • Surge Protection • 4 outlets per unit 							
	120-PDM4X Power Distribution Manager for 120V / 20A circuits	548837301	120V 20A	\$649.99	\$519.99	\$130.00	20%

Battery Belt FLEXI System		Part #	Details	MSRP	Your Cost	Profit \$	Profit %
Designed for use with Husqvarna Battery products, the Battery Belt FLEXI system is ideal for comfortable, productive working far away from an electrical outlet. By putting the weight on the user's waist rather than the arms, it reduces fatigue for longer runtimes and more efficient working. It allows you the ability to carry spare batteries, oil, water and accessories easily wherever you go. Robustly constructed from high quality materials, it's designed for flexibility, comfort and convenience.							
	Battery Belt FLEXI Connector Kit Kit Includes: (1) Belt (1) Carrier with connector (1) Accessory bag  This kit works with older software. If you are using the kit with an internal battery, you will need the backpack battery adapter (not included 582780502).	590776704		\$179.99	\$143.99	\$36.00	20%

HARNESS FEATURES

The harness is one of the most important features of our brushcutters. It is the one accessory that truly connects operator to the machine. It is also the sole item that distributes the machine weight onto the body and also governs machine position.

EFFECTIVE: JANUARY 1, 2026

Baggers / Collection

Can be used with or without lawn bags. Easy-glide bin with built-in handles makes clipping disposal easier. Collar handle and straps on the bottom of the bag both allow for easy dumping. They take up less space in your garage when storing your bagger. **QUALIFIES AS WHEELED UNIT ON THE ALL YEAR PLAN.**

Lawn Sweepers

Lawn Sweepers groom your yard by removing damp grass, leaves, twigs and needles without clogging problems. Lawn sweepers can be emptied without leaving the tractor seat and the collector bag folds without tools for easy storage. The hitch design allows for maximum traction by balancing the weight towards the wheels. Patented spiral brush sweeps more efficiently than standard sweepers & puts less stress on gears for longer service life.

Lawn Sweepers		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
 50" Lawn Sweeper • 50" sweep path / 26 cu. ft. reinforced hopper with flow thru bag fills from top to bottom for greater capacity usage • Positive lock height adjustment will not vibrate out of position and has easy to remember height settings • 12" polypropylene brushes; 12" x 2.5" semi-pneumatic tires • 5:1 Brush to Wheel Ratio • Extra wide 9 inch chute prevents clogging • Stores upright with collapsible bag for compact storage • 3-position hitch adjustment allows use with all Husqvarna lawn and garden tractors • Sealed ball bearings on brush axle shaft for less wear and longer service life (vs. plastic bushing) • Dumps from tractor seat for easy composting • 2 YEAR WARRANTY <u>QUALIFIES AS WHEELED UNIT ON THE ALL YEAR PLAN.</u> <u>PRODUCT IS SERIALIZED AND FLOOR-PLAN ELIGIBLE.</u>		584401801		\$449.99	\$337.49	\$112.50	25%

Grooming Equipment

DETHATCHERS lift and remove dead matted roots, grass clippings, and decaying leaves that have accumulated on the soil surface. This automatic raking action when towed behind a tractor allows for water, air and nutrients to reach the grass roots. Use it to prepare bare areas for re-seeding or for seed bed preparation after tilling. **AERATORS** punch or slice holes in the ground to alleviate soil compaction and allow air, water, and nutrients to reach the grass roots. This is a natural way to fertilize and promote a healthy lush lawn.

Dethatchers		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
	40" Tow Dethatcher - This automatic raking action when towed behind a tractor allows for water, air and nutrients to reach the grass' roots - Weight tray holds up to 70 lb. for improved thatch removal. 24 heat-treated spring tines provide durability. 7" x 1.5" semi-pneumatic tires allow for smooth transport. - Simple-to-use transport handle for easy raising / lowering. - Rear transport wheels - Pre-Assembled tine platform for easier / quicker assembly 2 YEAR WARRANTY <u>QUALIFIES AS WHEELED UNIT ON THE ALL YEAR PLAN.</u> <u>PRODUCT IS SERIALIZED AND FLOOR-PLAN ELIGIBLE.</u>	588199801	-	\$159.00	\$119.25	\$39.75	25%

Winter Accessories (continued)

Wheel Weights		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
Easily fitted. Improves grip in the summer and when using Husqvarna snow blades or Husqvarna Snow Thrower attachments in the winter. Weight listed below is shipping and actual weight.							
	Weight bracket and weight (TA321) • Can be used as an alternative way to attach wheel weights to a mower. • Includes bracket and 1 weight. Attaches to rear of tractor. • One weight is recommended; when the weight is in the rear center it is more efficient than having the 2 outer wheel weights, so you can have less weight with more traction when attached. If you wish to add a second weight, need to purchase (1) 50lb weight (954040102) and additional longer bolts. • Drilling may be required see instructions for more information. • Fits most Husqvarna tractors year 2006 & newer with 18-in or 20-in tires	505549201	-	\$179.00	\$134.25	\$44.75	25%
	Weights one individual weight (50 lbs. each) • Easily fitted weights improve traction when using attachments on your tractor. • Used with Weight Bracket 505549201 above. • Fits 2005 Models and Prior (LT, LTH, YT, & YTH)	954040102	TA321	\$79.99	\$59.99	\$20.00	25%
	Wheel weights one pair (62 lbs.) • Easily-fitted wheel weights improve traction when using attachments on your tractor. • Fits lawn tractors (LT & LTH models) and yard tractors (YT & YTH 2005 & prior models) with 18" & 20" tires.	954050501	LC05	\$109.00	\$81.73	\$27.27	25%
Tire Chains		Part #	Model	MSRP	Your Cost	Profit \$	Profit %
Ensures grip when using snow blades and snow blowers. One pair each. • Lightweight and easy to install. • Two-link spacing provides greater traction and a smoother ride.

Mulch Kits

Convert residential riding mowers to mulching units. For air-induction decks. Consists of a mulch plate, mulching blades and mounting hardware. Most Husqvarna tractors are equipped with premium hi-lift bagging/discharge blades. **MULCH PLATES** consist of a mulch plate & mounting hardware. Requires unit to be equipped with mulch blades.

Zero Turn Accessories

Zero Turn Accessories		Part #	Deck Size	Deck Type	# of Bins	MSRP	Your Cost	Profit \$	Profit %
	Bucket / Grabber Mounting System (bucket and grabber purchased separately) Increase flexibility and versatility of a Husqvarna Zero Turn. Easy to install, to hold a 5 gallon debris bucket and grabber while the machine is in use. Grabber holder = adjustable, toolless grabber holder for ease of use. Mounting system clamp = acts as a secondary support for the bucket. Adjustable bucket ring = adjustable for ease of use and secure fit while in use. Modular clamp = adjustability for different bucket position and grabber holder position. Tube caps = stops rust and debris from occurring. *Will not fit product equipped with baggers that require weight kits	599232701			MZ/ Z400/ Z500	\$109.00	\$81.75	\$27.25	25%
	Husqvarna 5 Gallon Bucket This branded 5 gallon bucket is practical for daily life at home as well as professional use. Show your Husqvarna pride while washing your car, weeding the garden, carrying tools, or as a seat! Order in Master Pack of 10	529362401				\$11.99 \$9.99 each	\$8.99 \$7.49 each	\$3.00	25%
	Trimmer Rack Mounting System Increase the flexibility of your zero turn mower by allowing the user to do 2 operations (mow, trim). Easy to mount system to safely hold any Husqvarna trimmer while the machine is in use. Mounting and dismounting trimmer is toolless. The trimmer rack sits within the profile of the machine to allow for visibility and safety. Rubber Strap = non-scratch one hand install. Built-in lock availability = safely secures trimmer to the trimmer rack to avoid theft. Modular Clamp = rotational adjustability for mounting tube and trimmer position. Vinyl coated C-clamp design = non-scratch. *Will not fit product equipped with baggers that require weight kits	599232601			Any model with ROPS	\$139.00	\$104.25	\$34.75	25%
	Deck Mounted Striper Kit Provides a solution for customers that wish to increase the striping appearance when mowing. Professional solution for striping. One time mounting, easy to install. Deck-mounted flap. Mounts to deck and goes up/down as deck moves up/down making it easy to transport with no damage. Single width for all deck sizes. Replaceable Rubber Blade = 1/4" thick blade allows for clean stripes without turf damage. Deck mounted striping kit = universal fit for all deck widths (40" width), simple assembly and a replaceable rubber blade. Adapter bracket = universal fit up for different deck styles. Main striper bracket = secure fit.	598703001			Z400 / Z500	\$159.00	\$119.25	\$39.75	25%
	Zero Turn Sun Shade • Adjustable HDW to quickly adjust tilt and remove canopy for transport. • Heavy duty, water resistant material. • Large canopy blocks direct sunlight, adding comfort for operator. • 2 YEAR WARRANTY • Fits all Husqvarna zero turn with ROPS models.	596542901				\$169.00	\$126.75	\$42.25	25%

Axes - Wooden Handles (Swedish-style)

Swedish-Style Axes - All Husqvarna Swedish-Style Axes are hand forged with high quality, precision ground Swedish steel with premium hickory shafts. Each axe comes with grain-leather sheath for protection. Each axe shows the story of expert craftsmanship.

Hiking Hatchet		Part #	MSRP	Your Cost	Profit \$	Profit %
	Hiking Hatchet • Our smallest hatchet, perfect for use while hiking or enjoying the outdoors. • Each head individually hand forged • Durable hickory handle. • Comes with a leather edge cover • Length: 10" (25 cm), Weight: 1.37 lbs. (.62 kg) • Axe Head Weight: 1.1 lbs (.5kg)	599673502	\$74.99	\$48.74	\$26.25	35%
Hatchet		Part #	MSRP	Your Cost	Profit \$	Profit %
	Hatchet • Small, light axe that for cutting branches or splitting small camp fire wood. • Comes with a leather edge cover • Head is attached to the handle using both a wooden and steel wedge to secure fastening. • Length: 13" (33 cm), Weight: 1.5 lbs. (.68 kg) • Axe Head Weight: 1.32 lbs (.6 kg)	596270901	\$74.99	\$48.74	\$26.25	35%
Carpenter's Axe		Part #	MSRP	Your Cost	Profit \$	Profit %
	Carpenter's Axe • Designed with a long straight cutting edge and thin blade to allow for stability and control when cutting. • Best suited for carpentry and other wood work. • Recess in the head so that the hand gets as close as possible to the cutting edge for maximum control. • Comes with a leather edge cover. • The head is attached to the handle using both a wooden and a steel wedge to secure fastening. • Length: 19" (48 cm), Weight: 2.75 lbs. (1.247 kg) • Axe Head Weight: 2.2 lbs (1 kg)	596271201	\$94.99	\$61.74	\$33.25	35%
Traditional (Multipurpose) Axe		Part #	MSRP	Your Cost	Profit \$	Profit %
	Multi-Purpose Axe • Single-bit traditional style. Used for felling and other jobs. • Long handle provides power to the cut. • Comes with a leather edge cover. • Head is attached to the handle using both a wooden and steel wedge to secure fastening. • Length: 26" (66 cm), Weight: 3 lbs. (1.361 kg) • Axe Head Weight: 1.87 lbs (.85 kg)	596271301	\$134.99	\$87.74	\$47.25	35%
	Replacement Shaft for Traditional (Multipurpose) Axe	576926202	\$54.99	\$35.74	\$19.25	35%
Splitting Maul		Part #	MSRP	Your Cost	Profit \$	Profit %
	Splitting Maul • Heaviest and most powerful axe for splitting logs and large chunks of wood. • The poll is designed for driving splitting wedges. • Hardened striking face in the neck and can therefore be used as a sledge or in combination with a splitting wedge. • Head is attached to the handle using both a wooden and steel wedge to secure fastening.. • Comes with a leather edge cover. • NOTE! Only sledge axes can withstand use as a sledgehammer. • Length: 32" (81 cm) / Weight: 6.5 lbs (2.948 kg) • Axe Head Weight: 5.51 lbs (2.5 kg)	531311702	\$154.99	\$100.74	\$54.25	35%
	Replacement Shaft for Splitting Maul	576926602	\$59.99	\$38.99	\$21.00	35%

Axes - Wooden Handles (Swedish-style, continued)

Splitting Axes		Part #	MSRP	Your Cost	Profit \$	Profit %
	Splitting Axe - Small • Best suited for basic splitting of lighter fire wood. • Head is designed to go easily into the wood, requiring minimal effort by the chopper, and split the wood in two parts. • Small size makes a one-hand grip possible. • Comes with a leather edge cover. • Head is attached to the handle using both a wooden and steel wedge to secure fastening. • Length: 19" (48 cm), Weight: 2.75 lbs. (1.247 kg) • Axe Head Weight: 1.98 lbs. (.9 kg)	596271001	\$114.99	\$74.74	\$40.25	35%
	Replacement Shaft for Splitting Axe - Small	576926802	\$49.99	\$32.49	\$17.50	35%
	Splitting Axe - Large • Best suited for splitting thicker wood. • Head is designed to go easy into the wood, with minimal effort by the chopper, and split the wood in two parts. • Long handle creates extra power and utilizes a two-hand grip. • Comes with a leather edge cover. • Head is attached to the handle using both a wooden and steel wedge to secure fastening. • Length: 30" (76 cm), Weight: 5 lbs. (2.268 kg) • Axe Head Weight: 3.31 lbs (1.5 kg)	596271101	\$149.99	\$97.49	\$52.50	35%
	Replacement Shaft for Splitting Axe - Large	576926702	\$59.99	\$38.99	\$21.00	35%
Clearing Axe		Part #	MSRP	Your Cost	Profit \$	Profit %
	Clearing Axe • Designed to clear brush with one hand. • Hickory shaft and replaceable blade on both faces. • Length: 26" (66 cm) / Weight: 2.17 lbs (.985 kg)	596280401	\$64.99	\$42.24	\$22.75	35%
	Replacement Blade for Clearing Axe	579004001	\$37.99	\$24.69	\$13.30	35%
Axes - Wooden Handles (German-style)						
German-Style Axes - The new assortment of Husqvarna German-Style axes are built for power, durability and comfort. The high-quality steel heads, and strong wooden handles made from ash, are perfect for extreme use. Split logs with ease while using the German-style splitting axes, designed for heavy impact with less sticking.						
Hatchet		Part #	MSRP	Your Cost	Profit \$	Profit %
	Hatchet • A smaller axe ideal for outdoor life in the woods and suitable for most tasks like chopping wood for a campfire. • Axe head made from high quality forged steel. • Double wedge construction ensures axe head remains secure. • Strong ash wood handle provides a comfortable grip with orange accent for high visibility. • Axe head edge cover included. • Length: 14" (36 cm), Weight: 1.8 lbs. (.8 kg) • Axe Head Weight: 1.3 lbs (.6 kg)	597627702	\$52.99	\$34.44	\$18.55	35%
Universal (Felling)		Part #	MSRP	Your Cost	Profit \$	Profit %
	Universal (Felling) • This universal axe is ideal for debarking and felling. • Axe head made from high quality forged steel. • Triple wedge construction ensures axe head remains secure. • Ergonomic handle design is made from strong ash wood. • Orange accent for high visibility. • Axe head edge cover included. • Length: 27.5" (70 cm), Weight: 3.85 lbs. (1.7 kg) • Axe Head Weight: 2.75 lbs (1.2 kg)	597629002	\$94.99	\$61.74	\$33.25	35%

Axes - Wooden Handles (German-style, continued)

Small Splitting		Part #	MSRP	Your Cost	Profit \$	Profit %
	Splitting Axe - Small - The rounded edge of the German-style splitting axe is ideal for splitting hardwoods - Axe head made from high quality forged steel. - Triple wedge construction ensures axe head remains secure. - Ergonomic handle design is made from strong ash wood. - Orange accent for high visibility. - Axe head edge cover included. Length: 20" (50 cm), Weight: 3.58 lbs. (1.6 kg) Axe Head Weight: 2.75 lbs (1.2 kg)	599673102	\$94.99	\$61.74	\$33.25	35%
Large Splitting		Part #	MSRP	Your Cost	Profit \$	Profit %
	Splitting Axe - Large - The rounded edge of the German-style splitting axe is ideal for splitting hardwoods - Axe head made from high quality forged steel. - Triple wedge construction ensures axe head remains secure. - Ergonomic handle design is made from strong ash wood. - Orange accent for high visibility. - Axe head edge cover included. Length: 31.5" (80 cm), Weight: 7.15 lbs. (3.2 kg) Axe Head Weight: 5.5 lbs (2.5 kg)	597629402	\$114.99	\$74.74	\$40.25	35%
Hookaroon		Part #	MSRP	Your Cost	Profit \$	Profit %
	Hookaroon - Short Handle - Designed to assist lifting logs and/or split wood - Reduces stress on back when handling heavy logs and split wood - Wood shaft and polished metal head with sharply curved tip provide great balance, grip and durability Length: 15" (38 cm) / Weight: 1.89 lbs (.860 kg)	596292501	\$40.99	\$26.64	\$14.35	35%
	Hookaroon - Long Handle - Designed to assist dragging, turning and lifting heavy logs and/or split wood - Reduces stress on back when handling heavy logs and split wood - Wood shaft and polished metal head with sharply curved tip provide great balance, grip and durability Length: 31.5" (80 cm) / Weight: 2.5 lbs (1.10 kg)	596292502	\$52.99	\$34.44	\$18.55	35%
Axes - Composite Handles						
Fiber-reinforced PA shaft makes the axe durable and robust. Balance point close to the axe head gives perfect balance and weight distribution. Hammer function for an easy and effective use of splitting wedges (no steel wedges).						
Hatchets		Part #	MSRP	Your Cost	Profit \$	Profit %
	Hatchet H900 Small hatchet for fire wood, garden work and other outdoor activities. - The axe head has a non-stick coating which gives less friction and easy entry into the wood. - Soft grip for ergonomics and secure handling. Length: 13.4" (34 cm), Weight: 1.98 lbs (900 g) Axe Head Weight: 1.54 lbs (.7 kg)	596282001	\$52.99	\$34.44	\$18.55	35%
Multi-Purpose Axes		Part #	MSRP	Your Cost	Profit \$	Profit %
	Multi-Purpose Axe A1400 Universal Axe made for various kinds of wood work such as construction or forest work. - The axe head has a non-stick coating which gives less friction and easy entry into the wood and the head geometry is adapted to the application of wood working. - Handle protection and long life due to the stainless steel shaft protection. - This combination gives high penetration and power to the cut. Length: 23.6" (60 cm), Weight: 3.09 lbs (1400 g) Axe Head Weight: 2.2 lbs (1.0 kg)	596282101	\$74.99	\$48.74	\$26.25	35%

Axes - Composite Handles (continued)

	Multi-Purpose Axe A2400 A powerful Universal Axe for various kinds of wood work such as construction or forest work. • The axe head has a non-stick coating which gives less friction and easy entry into the wood and the head geometry is adapted to the application of wood working. • Handle protection and long life due to the stainless steel shaft protection. • This combination gives high penetration and power to the cut. • Length: 27.6" (70 cm), Weight: 5.29 lbs (2400 g) • Axe Head Weight: 3.97 lbs (1.8 kg)	596282301	\$94.99	\$61.74	\$33.25	35%
---	---	-----------	---------	---------	---------	-----

Splitting Axes

		Part #	MSRP	Your Cost	Profit \$	Profit %
	Splitting Axe S1600 Splitting axes are made for splitting logs for firewood. • The axe head has a non-stick coating which gives less friction and easy entry into the wood and the head geometry is adapted to the application of splitting medium- sized logs. • Handle protection and long life due to the stainless steel shaft protection. • The combination of the optimized axe head and the light shaft concentrates the power into the cut which gives an easier split of the logs. • Length: 23.6" (60 cm), Weight: 3.53 lbs (1600 g) • Axe Head Weight: 2.65 lbs (1.2 kg)	596282401	\$79.99	\$51.99	\$28.00	35%
	Splitting Axe S2800 A more powerful Splitting Axe made for splitting larger logs. • The axe head has a non-stick coating which gives less friction and easy entry into the wood and the head geometry is adapted to the splitting application of large logs. • Handle protection and long life due to the stainless steel shaft protection. • The combination of the optimized axe head and the light shaft concentrates the power into the cut which gives an easier split of the logs. • Length: 27.6" (70 cm), Weight: 6.17 lbs (2800 g) • Axe Head Weight: 5.07 lbs (2.3 kg)	596282601	\$99.99	\$64.99	\$35.00	35%

Axe Accessories

Grinding Stone		Part #	MSRP	Your Cost	Profit \$	Profit %
	Grinding Stone • The silicone carbide stone is a hard grinding abrasive best for axes and knives • Dual grain stone has 120 coarse grain side for aggressive grinding and a 320 fine grain side for precise grinding. • Can be used with oil, water or dry. • Heavy duty leather pouch for storage.	599674602	\$31.99	\$20.79	\$11.20	35%
Log Tote		Part #	MSRP	Your Cost	Profit \$	Profit %
	Husqvarna Log Tote • Holds up to two bundles of wood (approx. 55 L capacity) • Padded handles for comfort • Heavy duty water resistant shell material with waterproof backing • Countless usage applications	595317001	\$37.99	\$22.79	\$15.20	40%

Pruning Saws

Fixed Saws		Part #	MSRP	Your Cost	Profit \$	Profit %
The rigid saw blades with impulse-hardened precision toothing features triple grinding. This means particularly high sawing performance, quiet running, effort-saving sawing and a very long lifetime. The particularly smooth pulling cut is ideal for fresh and dry wood. Rust has no chance to attack. In addition to the eyelet for hanging up the saw, this product has a blade cover so that it can be stored safely and in a handy place. During sawing, a stop at the end of the handle prevents you from slipping. This has proven particularly useful during pulling movements, and assists you in making smooth progress. Thanks to the ergonomic, slightly angled handle shape and soft handle parts, these saws lie comfortably and safely in your hand.						
	300 CU Curved Saw Blade Great for professionals and enthusiasts because of the aggressive cutting performance on larger wood. Total Length: 19.7" (500 mm), Blade Length: 11.8" (300 mm)	596283701	\$52.99	\$34.44	\$18.55	35%
	300 ST Straight Saw Blade Great for professionals and enthusiasts because of the maneuverability in trees with close branches. Straight blade saws are easier to control and less likely to clip close branches than curved blades. Straight blades also enable the user to manipulate hinge wood for precision log felling techniques. Although incredibly smooth and efficient, a straight saw blade pruning saw doesn't cut quite as fast as curved blades. Total Length: 19.7" (500 mm), Blade Length: 11.8" (300 mm)	596283601	\$47.99	\$31.19	\$16.80	35%
Folding Saws		Part #	MSRP	Your Cost	Profit \$	Profit %
The Husqvarna Folding Saw 200 FO belongs to the new generation of Husqvarna saws. This is an easy-to-use all-round saw for cutting back thicker branches. It is ideal for all minor sawing work in the garden, and also for outdoor activities. It is lightweight and effective at the same time. The hard-chrome-plated saw blade has impulse-hardened precision toothing with triple grinding, which ensures fast results with little use of force, and a superb, precise cut. Notching in particular is made substantially easier. Rust has no chance to attack. You can carry this handy Folding Saw around with you by safely folding it and locking it securely to put your pocket. Whenever you need your saw, simply open it up again using the thumb hole. The lock button holds the saw securely and safely in three different settings. And if you don't require the saw, simply fold it together again. During sawing, a stop at the end of the handle prevents you from slipping. This has proven particularly useful during pulling movements, and assists you in making a smooth cut. Thanks to the ergonomic, slightly angled handle shape and soft handle parts, this saw lies comfortably and safely in your hand. You can saw one-handed or two-handed as required. The saw can be stored without taking up much room using the eyelet.						
	200 FO Folding Straight Saw Blade Many of the benefits mentioned above of a straight saw blade with the additional flexibility to fold it up and to carry it in your pocket or for compact storage. Total Length: 20.9" (530mm), Blade Length: 7.9" (200mm)	596282901	\$42.99	\$27.94	\$15.05	35%

Pruning Saws (continued)

Manual Pole Saw / Pruner		Part #	MSRP	Your Cost	Profit \$	Profit %
The Husqvarna manual pole saw system enables tree care professionals to work for extended periods with reduced fatigue. Crafted from ultra-lightweight fiberglass, these poles offer exceptional durability, reinforced by an enamel surface coating for added strength. Engineered for a modular setup, with interconnecting poles secured by locking clips, this product allows workers to create various configurations for added job versatility when pruning trees. • Modular System – The leaf locking clips on both the base and extension provide the flexibility to create a wide range of combinations. The interchangeable heads further enhance versatility, making this product an ideal choice for a wide range of tree pruning needs. • Aircraft Grade Aluminum Ferrels – Utilizing aircraft-grade aluminum ferrules results in reduced weight and increased structural strength at critical connection points. • Enamel Coating – The fiberglass poles are exceptionally lightweight, sturdy, and rigid. They are expertly crafted with an enamel coating that enhances the structural integrity of the fibers.						
	Extension Pole Ultra-lightweight fiberglass construction with aircraft grade aluminum ferrels. Leaf locking clips allow for a variety of combinations. <u>Must order in multiples of 4</u> Length: 6', Weight: 1.6 lbs	546356301	\$59.99	\$38.99	\$21.00	35%
	Base Pole Ultra-lightweight fiberglass construction with aircraft grade aluminum ferrels. Leaf locking clips allow for a variety of combinations. <u>Must order in multiples of 4</u> Length: 6', Weight: 1.6 lbs	546356302	\$59.99	\$38.99	\$21.00	35%
	Fixed Pulley Pruner Head Fixed single-pulley pruning head. Includes 5/16" rope, blade, spring, pulley and head Cut Capacity: 1.25"	546356303	\$87.99	\$57.19	\$30.80	35%
	Manual Pole Saw Head Ultra durable pole saw head with a variety of different locking positions for blades.	546356304	\$20.99	\$13.64	\$7.35	35%
	Manual Pole Saw Blade Blades for manual pole saw head. Impulse hardened, tri-edge teeth provide easy cutting and long life. <u>Must order in multiples of 10</u> Blade Length: 13"	546356305	\$17.99	\$11.69	\$6.30	35%

Hand Tools

Well-rounded hand tool assortment suits various cutting needs for both consumers and professionals. Premium quality tools featuring durable high carbon steel blades, ergonomic designs with non-slip grips, locking mechanisms, and the ability to re-sharpen and/or replace blades. This lineup compliments other Husqvarna accessories to manicure the lawn.

Pruners		Part #	MSRP	Your Cost	Profit \$	Profit %
	Hand Pruner - Technical Professional grade product built for long-lasting performance. Blade material is high carbon alloy steel, stronger than the other hand pruner blades. Blades can be re-sharpened or replaced for extended tool life. Drop-forged aluminum handle. Ergonomic design with non-slip grip for added comfort. Two-position locking mechanism. Primary Customer: Landscape professionals Cut capacity: 7/8" (2.22 cm) Length: 8.5" (21.6 cm), Weight: .66 lbs (298 g) <i>Master pack quantity = 60 pruners</i>	599633201	\$42.99	\$27.94	\$15.05	35%
	Rebuild Kit - Technical Pruner	599922001	\$14.99	\$9.74	\$5.25	35%
Loppers		Part #	MSRP	Your Cost	Profit \$	Profit %
	26" Lopper Large cut capacity to conquer challenging, hard to reach branches. Durable high carbon steel blades produce a precision cut with minimal effort. Blades can be re-sharpened or replaced for extended tool life. Strong, lightweight aluminum handles allow easy maneuvering for homeowners and professionals alike. Shock absorbing bumper and anti-slip grips provide added safety and comfort. Primary Customer: Homeowners and landscape professionals Cut capacity: 1 3/4" (4.4 cm) Length: 26" (66 cm), Weight: 2.93 lbs (1332 g) <i>Master pack quantity = 12 loppers</i>	599633301	\$57.99	\$37.69	\$20.30	35%
	Rebuild Kit - 26" and 32" Loppers	599922101	\$29.99	\$19.49	\$10.50	35%

2026 Sprayers

INCLUDES

- 515iSB
Battery Backpack Sprayer
- Sprayers – 4 Gallon
- Sprayers – 2 Gallon
- Sprayers – 48 Ounce
- Sprayers Service Parts

EFFECTIVE: JANUARY 1, 2026

515iSB Battery Backpack Sprayer

New Battery Backpack Sprayer now utilizes the Husqvarna 40V battery platform and includes many new professional features.

Features:

Variable Flow - 10 setting tactile knob provides 0.1 - 0.6gpm output (~10-90psi)

Updated harness with chest and waist strap, padded back, load-lift straps, and UV protection

Tactile on/off button that can be reached with unit on back

4 LED status indicator

IPX4 Weather Rated

Sealed battery pocket - protected from weather or chemicals

Universal battery system

6 nozzles included

Other features : internal no leak pump design. 4 Gallon Capacity. Can be used with wettable powders and liquids. Pro shutoff, 50" reinforced hose with swivel and strain relief, 25" stainless steel wand w/ poly liner

Battery	Part #	MSRP	Your Cost	Profit \$	Profit %
 515iSB Battery Backpack Sprayer 4 Gallon battery backpack sprayer powered by any of the Husqvarna 40V system batteries (excl. B540X + BLi950X). Includes variable flow, comfort harness, and a sealed battery pocket COMING SOON	547573502	\$299.99	\$239.99	\$60.00	20%

Sprayers - 4 Gallon

Internal "No Leak" pump design. Can be used with wettable powders and liquids for all applications. 150 max PSI; 25 psi Pressure regulator delivers constant pressure to apply lawn chemicals. Cap assembly with Viton check valve. Pro Shut-off with 50" reinforced PVC hose & strain relief nut (to keep hose from kinking). 25" Stainless Steel Wand with Poly Liner. Nozzle Kit (3) - (Brass adjustable, red poly high-volume fan, yellow poly high-volume fan, cap nut, Viton gasket)

Battery	Part #	MSRP	Your Cost	Profit \$	Profit %
 4 Gallon Battery • No pumping required! • Same features as our manual 4-gallon sprayer but using an 18 volt battery to activate the pump versus manually doing it • Up to 4 hours of spray duration on a single charge or 50 gallons of liquid • Impact resistant battery compartment keeps the battery concealed and away from liquid that may cause damage. • Easily accessible filters in cap, shutoff, and pump reduce build up of large solids which may affect performance • On/off switch - that's it! • 1 year warranty WHILE SUPPLIES LAST!	598967501	\$259.99	\$194.99	\$65.00	25%

Manual	Part #	MSRP	Your Cost	Profit \$	Profit %
 Manual • Easy access pump, change seals in just minutes with no tools. • Pump handle can be stored vertically or horizontally • Deluxe Comfort Harness 5 Year WARRANTY	596765901	\$129.99	\$97.49	\$32.50	25%

Sprayers - 2 Gallon

Professional sprayer designed for lawns, commercial cleaning, sanitizing, and applying harsh chemicals. Premium, commercial grade shut-off for long-term resistance to chemicals with comfortable grip. Easy-to-clean, in-line filter. 25" stainless steel wand with poly liner. Pressure release valve prevents chemicals from getting on you before opening the tank. Tear shaped tank = low center of gravity for stability. Vertical wand storage. 48" reinforced PVC hose & strain relief nut (to keep hose from kinking). Nozzle Kit (3) - (Brass adjustable, red poly high-volume fan, yellow poly high-volume fan, cap nut, Viton gasket).

Battery		Part #	MSRP	Your Cost	Profit \$	Profit %
	• No pumping required! 7.2 Volt battery integrated into the handle • Air compressor head eliminates manual pumping and keeps the tank pressurized for a consistent spray • Press the "on" button and pressure starts building; maintains constant pressure even after spraying • Sprays up to 24 gallons (~12 refills) of liquid on a full charge (up to 2 hours) • 3 hours to full charge; AC charger incl. • The battery / handle retrofits to all of the 2-gallon manual sprayers and can be purchased separately • 1 year warranty	598967601	\$124.99	\$93.74	\$31.25	25%
	 7.2 Volt battery / handle and charger The battery / handle retrofits to all of the 2-gallon manual sprayers and can be purchased separately	599408901	\$104.99	\$78.74	\$26.25	25%
Manual		Part #	MSRP	Your Cost	Profit \$	Profit %
	• Viton Seals throughout the pump • Pump handle can be locked into place so you can carry it around easily	596766101	\$59.99	\$44.99	\$15.00	25%

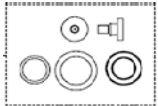

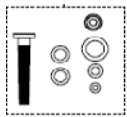

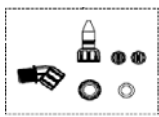

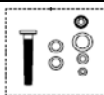

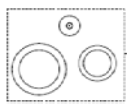

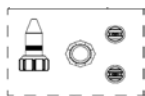

Sprayers - 48 Ounce

Manual		Part #	MSRP	Your Cost	Profit \$	Profit %
	• For use around the home or garden • Pump is built into the handle and has a pressure release valve to safely remove internal pressure prior to opening the sprayer to refill. • Includes a poly adjustable nozzle for stream, cone, or mist application • Adjustable brass nozzle included * Ships in multiples of 6 (packaged in countertop display box)	596766102	\$20.99	\$15.74	\$5.25	25%

Fuel & PreMix Fuel Outbound Reseller Shipment Information

The shipment of fuel is regulated by the US Department of Transportation. Fuel & premixed fuel is a Class 3 Flammable Liquid Packaging Group II, which is a hazardous material. Fuel & premixed fuel in containers less than 1 liter qualify for the HMR (Hazardous Material Regulations) exceptions. Shipments must go by ground. **NO AIR SHIPMENTS!** Always consult the product MSDS found on Husqvarna Power Site. Please consult your local transportation expert for any outbound shipments from your business. Additional Freight and Hazmat charges may apply for Alaska and Hawaii.

2-Stroke Oils

	Part #	Case Qty	Pallet Qty	MSRP (per bottle)	Dealer Cost (per bottle)	MSRP (per case)	Dealer Cost (per case)	Dealer Cost (per case)	Dealer Cost (per case)	Dealer Cost (per case)	Dealer Cost (per case)
						\$0 - \$2,499	\$2,500 - \$4,999	\$5,000 - \$9,999	\$10,000 - \$29,999	\$30,000+	

Our new Husqvarna XP+ 2-Stroke Oil is a semi-synthetic blend developed specific for our demanding applications. Tested utilizing hundreds of professional Husqvarna engines for chainsaws, trimmers and blowers and over 3,000 total test hours in order to provide the best oil formulation we've ever had. * Includes fuel stabilizer.

Benefits:

- Husqvarna VEF (Verified Engine Formula) = Engineering approved lubricant designed to keep your power equipment running like new
- JASO FD Certified (ISO-EGD, API TC) = Meets industry standard for 2 stroke performance
- Low Operating Temperature = Easier to start and longer engine life
- Excellent Detergency = Less deposits and cleaner parts extends engine life by reducing risk of ring sticking

OIL GUARD 2-Stroke Oil

Oil Guard Oil is a synthetic blend designed for power cutters and other 2-Stroke products used in tough, dirty conditions. The unique yellow color regulates our patented OilGuard system in selected power cutter models to eliminate piston and cylinder failures caused by lack of lubrication. * Includes fuel stabilizer

Benefits:

- Husqvarna VEF (Verified Engine Formula) = Engineering approved lubricant guaranteed to keep your power equipment running like new
- Low Operating Temperature = Easier to start and longer engine life
- Excellent Detergency = Less deposits and cleaner parts extends engine life by reducing risk of ring sticking

Fuel Treatment

Fuel Treatment

Water In Fuel - nothing can remove water from fuel. More alcohol can be added to solubize water, but additional alcohol is only compounding fuel quality and corrosion problems. The only way to remove water from a fuel system is to drain the entire system. We now have a fuel treatment product that wil help protects fuel systems from the negative aspects of ethanol-blended fuels and prevents fuel system corrosion.

	• 12 oz bottle (Highly concentrated – 1oz. treats 2.5 gallons of gas) • Stabilizes fuel for up to 24 months • Contains antioxidants • Corrosion inhibitor • Alcohol-Free	593153701	12	84 cases	\$9.99	\$5.69	\$119.85	\$68.31	\$64.90	\$61.48	\$51.24	\$44.40

Bar & Chain Oils

<i>X-GUARD Bar & Chain Oil</i>	Part #	Case Qty	Pallet Qty	MSRP (per bottle)	Dealer Cost (per bottle)	MSRP (per case)	Dealer Cost (per case) \$0 - \$2,499	Dealer Cost (per case) \$2,500 - \$4,999	Dealer Cost (per case) \$5,000 - \$9,999	Dealer Cost (per case) \$10,000 - \$29,999	Dealer Cost (per case) \$30,000+
---	--------	----------	------------	-------------------	--------------------------	-----------------	--------------------------------------	--	--	--	----------------------------------

Husqvarna's new X-Guard premium Bar and Chain Oil (made of virgin oil, not using reclaimed oils) optimizes your saw's cutting performance by reducing heat and friction. It is a premium blend of base stocks and tackifier additives which reduces high speed throw-off. **ALL-SEASON:** Great all-around, everyday bar and chain oil. Good for use down to 32° F / 0° C. **LOW TEMP:** Good for use below 32° F / 0° C. **BIO:** Biodegradable in 28 days. Good for use down to 0° F / -17° C.

Benefits:

- Wear Protection = Extended life of bar and chain
- Load Carrying Capacity = Less maintenance
- Premium Tackifier = Tack encourages adhesion to bar and chain providing protection (less sling off)

4-Stroke Oils

SAE 10W-30 Full Synthetic 4-Stroke Oil		Part #	Case Qty	Pallet Qty	MSRP (per bottle)	Dealer Cost (per bottle)	MSRP (per case)	Dealer Cost (per case) \$0 - \$2,499	Dealer Cost (per case) \$2,500 - \$4,999	Dealer Cost (per case) \$5,000 - \$9,999	Dealer Cost (per case) \$10,000 - \$29,999	Dealer Cost (per case) \$30,000+
This new fully-synthetic 4-stroke oil is specifically formulated to meet the extra demands of our commercial mowers and walks. Designed to offer premium protection in all 4-Stroke engines. Meets the requirements of API_SJ.												
	• Full Synthetic 4-Stroke Oil • For most air cooled 4-stroke engines • Excellent high temp protection • Exceeds API SJ Specifications • Reduces engine wear and scuffing • 1 case, 1 quart bottles	593153501	12	60 cases	\$22.99	\$15.40	\$275.88	\$184.84	\$175.60	\$166.36	\$138.63	\$120.15
5W-30 4-Stroke Oils		Part #	Case Qty	Pallet Qty	MSRP (per bottle)	Dealer Cost (per bottle)	MSRP (per case)	Dealer Cost (per case) \$0 - \$2,499	Dealer Cost (per case) \$2,500 - \$4,999	Dealer Cost (per case) \$5,000 - \$9,999	Dealer Cost (per case) \$10,000 - \$29,999	Dealer Cost (per case) \$30,000+
	• Semi-Synthetic 5W-30 4-Stroke Oil • For most 2-stage 4-stroke snow blowers • Superior cold temperature performance • Excellent high temperature protection • Exceeds API SJ Specifications • Reduces engine wear and scuffing • 1 case, 1 quart bottles	593153504	12	60 cases	\$13.99	\$9.37	\$167.88	\$112.48	\$106.86	\$101.23	\$84.36	\$73.11
	• Mineral 5W-30 4-Stroke Oil • For most 2-stage 4-stroke snow blowers • Superior cold temperature performance • Excellent high temperature protection • Exceeds API SJ specifications • Reduces engine wear and scuffing • 1 case, 1 quart bottles.	593153503	12	60 cases	\$13.99	\$7.97	\$167.88	\$95.69	\$90.91	\$86.12	\$71.77	\$62.20
SAE 30 4-Stroke Oil		Part #	Case Qty	Pallet Qty	MSRP (per bottle)	Dealer Cost (per bottle)	MSRP (per case)	Dealer Cost (per case) \$0 - \$2,499	Dealer Cost (per case) \$2,500 - \$4,999	Dealer Cost (per case) \$5,000 - \$9,999	Dealer Cost (per case) \$10,000 - \$29,999	Dealer Cost (per case) \$30,000+
	• For most air cooled 4-stroke engines • Ideal size for 2hp - 5.5hp mowers • Exceeds API SJ specifications • Reduces engine wear and scuffing • 1 case, 1 quart bottles	593153502	12	60 cases	\$13.99	\$9.37	\$167.88	\$112.48	\$106.86	\$101.23	\$84.36	\$73.11
